# FAIR FIELD NEWS

## Spring Term Issue 10 20.03.20

Dear Parents and Carers,

Thank you for all your kind, generous donations to support some of our families during this time. They have been warmly received. We successfully planted 250 sunflower seeds, and those still able to attend school this week were able to take these home. For those unable, we have them in school to grow on their behalf. This week tennis continued to provide a breath of fresh air for the children and the children have also been making gifts in preparation for Mothering Sunday for their female role models.

Today marks the start of a new type of learning for the children. We are still Fair Field. We are still here. We are still learning. It is just a different era and a different way of learning. You will shortly receive some guidance about how home schooling might look and what we will be providing as a school. We will continue to support all our families, children and staff though this difficult time.

Have a safe and restful weekend.

Mrs Aharon & Mrs Goodwin

### Home Learning Platforms

We will be communicating daily and weekly with your children through the following platforms: Google Classrooms and Purple Mash. These are both web based and available through the app stores on smart phones and tablets. The children who were able to attend school this week have had a tutorial in these and we will be sending home detailed information soon (we are currently compiling it!)

We have shown so much kindness and greatness This week. Thank you to our Governors, PTA & parents for their kind supportive words and gifts. They have been a highly valuable resource at this time. We also thank you for all your generous donations to support some of our families. Whilst we recognise that you want to support we also ask that you do not leave yourselves short.

All the children have planted a sunflower for themselves and others and many have brought home a diary to track the progress of its growth. We will be nurturing the ones for children who cannot collect them.

### Tennis until the bitter end

We want to say a massive thank you to Radlett Lawn Tennis Club, who have continued to provide tennis lessons to the children this week. We even had a surprise visit from their mascot!

### Crafting

The children have been creating some lovely crafts this week for Mothers' Day, our sunflower displays and celebrations. The sunflower is a reminder of positivity and strength, especially important at this difficult time.
