Head of School: Mrs C Goodwin

Year 5 Wonder Dome Friday 17th December 2021

Dear Parents / Carers,

As part of the Science curriculum, we are learning about Space this term. To bring the stars to the children, we have booked a Planetarium Show through Wonder Dome. This show has been designed to link perfectly with the Science National Curriculum.

The children will learn amazing facts about our solar system and beyond, including taking a flying visit to and learning information about our incredible neighbouring planets. The show also investigates the Sun and reveals some incredible facts about our nearest star. We will also look closely at the Moon, our nearest neighbour and discover how important it is to live on Earth and why it appears to change shape. We also find out what it is like to live on a spaceship and enjoy the experience of being weightless!

The cost of the workshop will be £7 and is payable on Gateway.

If you have any questions, please feel free to speak to us.

Kind Regards

Miss Clancy and Mrs Chakmak
