Science

Dear Parents and Carers,

We are pleased to inform you that Year 5 Teal class will have the opportunity to use the HABs Science Laboratories as part of their science learning this term. These sessions will take place every Monday during the school day and will provide the children with access to specialist equipment and facilities, enriching their practical science experience. The first session will be Monday 21st September and will run through until the end of term.

Travel

The children will travel to and from HABs by coach and will be accompanied by members of school staff at all times.

Teaching and Supervision

All sessions will be led by qualified science staff at HABs. In addition, your child's class teacher and a teaching assistant will accompany and supervise the children throughout the visit.

Cost

Due to our partnership with HABs, there is no cost for these science lab sessions.

We have set this up as a trip on Arbor, please sign up to provide consent for your child to take part and travel via coach by Tuesday 15th September.

If you have any questions, please do not hesitate to contact the school office.

Yours sincerely,

Mrs Leggett
Headteacher
